Suggested Browsers: Apple Safari, Google Chrome, or Mozilla Firefox

PROGRAM OVERVIEW

We invite you to attend a CME/CE-certified presentation titled, “**Elevating the Role of Cardiologists in Diabetes Care: Cardiovascular Risk Reduction Strategies With GLP-1 Receptor Agonists.**” This activity will improve the knowledge, competence, and performance of learners to optimize treatment for patients with type 2 diabetes (T2D) at high risk of cardiovascular events.

LEARNING OBJECTIVES

- Evaluate the latest CV outcomes data and guideline recommendations for GLP-1 RA therapies in the management of T2D
- Compare the clinical profiles of GLP-1 RA based therapies for the management of T2D
- Incorporate GLP-1 RAs into the treatment of patients with T2D and CV risk based on dosing recommendations, the latest evidence, and patient needs

PROGRAM FACULTY

Darren K. McGuire, MD, MHSc, FACC

Distinguished Teaching Professor of Medicine
Division of Cardiology
Department of Internal Medicine
University of Texas Southwestern Medical Center
Lead Physician
Parkland Health and Hospital System Cardiology Clinics
Dallas, Texas

Richard E. Pratley, MD

Samuel E. Crockett Chair in Diabetes Research
Medical Director
AdventHealth Diabetes Institute
Senior Investigator and Diabetes Program Lead
AdventHealth Translational Research Institute
Adjunct Professor of Medicine
Johns Hopkins University School of Medicine
Orlando, Florida

JOINT ACCREDITATION STATEMENT:

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, Clinical Care Options, LLC (CCO) is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

PHYSICIAN CONTINUING MEDICAL EDUCATION: CCO designates this live activity for a maximum of *1.0 AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMERICAN BOARD OF INTERNAL MEDICINE MAINTENANCE OF CERTIFICATION:

Successful completion of this activity, which includes participation in the evaluation component, enables the learner to earn up to 1.0 Medical Knowledge MOC point in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Learners will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABIM MOC credit.

To receive CME credit and/or MOC points, you MUST pass the posttest and complete the evaluation. For ABIM MOC points, your information will be shared with the ABIM through CCO's Joint Accreditation Program and Activity Reporting System (JAPARS). Please allow 6-8 weeks for your MOC point to appear on your ABIM records.

DISCLOSURE OF CONFLICTS OF INTEREST: Clinical Care Options, LLC (CCO) requires instructors, planners, managers, and other individuals who are in a position to control the content of this activity to disclose all financial conflicts of interest (COI) they may have with ineligible companies. All relevant COI are thoroughly vetted and mitigated according to CCO policy. CCO is committed to providing its learners with high-quality CME/CE activities and related materials that promote improvements or quality in healthcare and not a specific proprietary business interest of an ineligible company.

Provided by Clinical Care Options, LLC

Supported by an educational grant from Novo Nordisk.
